Hello!
My name is Mrs. McIntyre, but everyone calls me Mrs. Mac. I've been teaching a **really** long time! I've taught 3rd & 4th grade, but 2nd grade is my most favorite grade of all. I'm super excited about this new school year. We have lots to learn and do in 2nd grade. I can't wait to meet all of my new students. I love watching children learn and grow their brains, while our class becomes a little family. Together we can develop great things!
