

# Meet the teacher

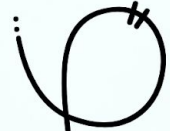

Welcome to first grade! I am so excited to serve the families of Lindale this year. Together, let's make this year full of wonder!

This is my fifth year in education. The first few years of my career were spent as a Special Education teacher in beautiful Colorado. This is my second year as a first grade teacher. I recently moved here from the Ozarks of Missouri. Having spent much of my childhood in Texas, I feel like I have come back home. Aside from teaching, some of my other passions include Musical Theatre, literature, enjoying all things outdoors, and animal rescue (just ask my kitties, Latte and Opal). My motto this year is "Find the Magic!" A child's mind is full of wonder, and I love that each day I teach is an invitation to experience the magic in even the smallest of moments.
